Chief Clerk/Treasurer -Robin Galli - P

Work Session/Meetings:

* The Dec. monthly work session/meeting will be held on Tues. Dec. 19th, 2023 at 6:30 p.m.

Representatives from Archaea Energy, parent company of the Assai Energy Renewable Natural Gas Plant in the Throop section of the Keystone Sanitary Landfill, addressed Council and the public to propose drilling a 3-mile-deep characterization well to see feasibility of permanently storing carbon dioxide underground. The well would be to collect geologic data. If results aren't favorable and safe, they won't proceed. US EPA would require monitoring.

The meeting was adjourned.

**Meeting minutes be Renee O'Malley
Borough Secretary**
